NOTE FOR THE RECORD

SUBJECT: Sen. Helms Allegations of Cuban Activity in Guayana

On 9 July at the request of [] DDI/ALA, I called Chris Manion, SFR staff. Jo had been informed by the Ambassador-Designate to Guyana, Clint Lauderdale, that he had been invited by Senator Helms to see films that would show Cuban construction crews building airfields in Guyana. Chris said that he knew of no such recent film but that he had seen something like that a year and a half ago which had been shown to Sen. Helms by a constituent. He said another constituent had claimed to know the coordinates of a Cuban-built air field. Chris promised to let us know if the film became available for study and to pass the coordinates along if he found them out. [] was notified that once again Sen. Helms's "evidence" on Cuban activities in Guyana was hard to come by.
